

<p><b>Comments by Head of Department</b></p>	<p><b>Band:</b>                  This formation is a fine and tasteful Show Band with elegant and entertaining charisma. They fit perfectly a cruise liner entertainment department, being neither too highbrow, nor too intrusive, while retaining fine quality of musicianship. They have an easy-going and assured stage presence. They are responsive to the audience's mood and have a variety of repertoire which can satisfy their needs. During their contract the show band performed "CELEBRATION" together with singers from the cast. This show was a valuable enrichment for the diversification of the program and the entertainment of the guests on board.</p> <p><b>Levente Bartha (Drums):</b>                  For him it was the second contract for the Mein Schiff Fleet and he already has a familiarity with the company and the rules and regulations on board. Mr. Bartha is an very experienced drummer who can give all the groove the band needs to rock the boat while playing softly enough on the acoustic set so that there are no complaints from the guests for the loudness. He supports the band greatly with precise and tasteful time-keeping, never drawing the attention away from the lead vocals.</p> <p>For the future I wish Mr. Bartha all the best in his endeavours and I am looking forward to work with him again.</p> <p><i>Entertainment Manage.</i>                  Constanze Klostermann                  Mein Schiff 3</p> <p><b>Name:</b> Constanze Klostermann  <b>Signature:</b>  <b>Date:</b> 24.10.2017</p>
